PROFESSIONAL SUMMARY

Results-driven **ICT Educator and EdTech Programme Facilitator** with over **6 years of experience** supporting digital learning initiatives in secondary education. Proven expertise in **EdTech integration, teacher capacity building, ICT systems management, and programme support**. Experienced in collaborating with **government institutions, school leadership, and education stakeholders** to implement and monitor technology-enabled learning. Passionate about leveraging ICT to improve **access, equity, and learning outcomes**, particularly for girls and underserved learners.

PROFESSIONAL EXPERIENCE

Mzuzu Government Secondary School

Computer Studies & Mathematics Teacher | ICT Coordinator

March 2024 – Present

- Lead **school-wide ICT coordination**, supporting digital learning systems and ICT infrastructure.
 - Plan and implement **EdTech strategies**, including integration of digital tools into teaching and assessment.
 - Conduct **teacher training and capacity-building workshops** on ICT and digital pedagogy.
 - Manage and maintain **computer laboratories, LAN infrastructure, and ICT equipment**.
 - Support data collection and reporting on **student ICT usage and learning outcomes**.
 - Coordinate with **Ministry of Education officials, district education managers, vendors, and school leadership**.
 - Oversee digital library systems, improving **student access to learning resources**.
-

Marymount Girls Catholic Secondary School

Computer Studies & Mathematics Teacher | ICT Coordinator

September 2018 – February 2024

- Spearheaded **EdTech integration initiatives**, including use of **Google Classroom, Moodle, tablets, and Android-based learning tools**.
 - Trained teachers in **digital content delivery, classroom technology integration, and online learning platforms**.
 - Played a key role in **continuity of learning during COVID-19**, coordinating digital and remote learning solutions.
 - Designed, implemented, and maintained **school ICT infrastructure**, including LANs and computer labs.
 - Supported **monitoring and reporting** of digital learning activities and student engagement.
 - Promoted **inclusive ICT education**, contributing to improved **girls' enrolment and ICT pass rates**.
-

KEY ACHIEVEMENTS

- Improved **ICT pass rates and girls' participation by 25%** through inclusive digital teaching strategies.
 - Coordinated **digital learning delivery during COVID-19**, ensuring uninterrupted access to education.
 - Led the **establishment of computer laboratories and LAN infrastructure** at multiple institutions.
 - Installed and supported **LAN infrastructure at Nkhamenya Community Hospital** (2016).
-
